Racing at this year's Mopar Nation Midwest Meet was pretty intense. The last few rounds had the late model HEMIs running withing a few HUNDREDTHS of one another! We didn't get to capture as much footage as we had hoped thanks to batteries dying, but nonetheless...something is better than nothing. You should see most, if not all, of the Mopars in attendance and we have a few videos from the stands during time trials, and then a few more via the GoPro. Check back for updates on winners, times, and possibly more video clips...

If you attended and set a new personal best, clicked off some great times, cut a killer light etc...Feel free to post up on the LSM Forum (<http://www.lonestarmopars.com/forum/viewtopic.php?f=37&t=440>) and we will relay your times etc in this article. Similarly if you have any video highlights to add, simply send them our way to be included.
